Dear Referee,

New Zealand International Undergraduate Fees Scholarships
Funded by the New Zealand Government
Administered by Education New Zealand

The New Zealand International Undergraduate Fees Scholarships are part of a new international scholarship scheme announced by the Minister of Education in May 2004.

The key objectives of the scholarships are to:

- attract top international students to study in New Zealand
- enhance the reputation and profile of the New Zealand tertiary education sector

We expect that those selected for a New Zealand International Undergraduate Fees Scholarship will have already established a record of academic excellence, and demonstrate the potential to succeed in their chosen course of study, while contributing to the broader goals of the New Zealand educational community.

The New Zealand Government has appointed Education New Zealand as the Administrator of the New Zealand International Undergraduate Fees Scholarship programme. Education New Zealand both serves and represents the international education sector, with expertise in developing relationships with governments, institutions and students in the international education context.

Thank you for assisting us in the selection process by providing a letter of reference.

Yours sincerely

Robert Stevens
